The last popular independent pet store, Bethesda Pet Shoppe, closed last year and Pet Parents aims to fill that void. The products offered at Pet Parents fit the distinct lifestyle of Bethesda residents. There are products in a range of prices, with choices of high-tech products and those that have been made with the environment and sustainability in mind.

GRAND OPENING

On top of these products that are perfect for Bethesda pets, the Pet Parents shop has a great upscale and boutique vibe to it that appeals to Bethesda's human residents. The entire store is built with a family living room in mind – plenty of plush chairs, wooden coffee tables, and display cases showing off various products. The traditional pet products range from dog/cat food, treats, toys, and collar/jacket/leash sets. There are also plenty of technologically advanced products that owners can try out.

These include a sanitary dog bowl that instantly weighs the food inside, a filterable water bottle meant for dog walks, and a smart leash that acts as a sort of Fitbit for your dog – measuring the steps they have taken or their heartrate.

While they are providing premium quality products and services, the owners are Pet Parents also aim to be a strong supporter of the local community. Through a combination of supporting local events to sponsoring causes that are important to community members, Pet Parents will become a strong pillar of Bethesda.

The store had a soft opening in early November, but the grand opening celebration will be where the fun really begins. The grand opening will be happening on **Saturday December 9th, starting at 10:30 AM** and going on for the entire day. Visitors can easily find the store at **4913 Fairmont Ave. in Bethesda**. Pet-owners, kids, and pets alike are invited to attend and enjoy the fun! Everything from food & refreshments, pet seminars, kids face painting, giveaways, raffles, music, and even a live dog fashion show will be available for enjoyment.
